# WEDDING FILM PACKAGES

Simply choose the length of the wedding film that you would love to have!

If you want a fun and fast-paced film with only the best parts of your vows and toasts included, consider a shorter wedding film. If you've always wanted to have lots of your ceremony and reception toasts in your film, you might love a longer film!

Don't forget, you can always add a short Highlight edit or the full Ceremony and Toasts edit. Find out more on the next page! All packages are shot in High Definition with Digital Cinematography.
